

BHIE-107: BHIE-107

Course Code	BHIE-107
Course Title / Subject	BHIE-107
Programme	Undergraduate Honours / CBCS
Medium	English Medium
Marks	100
Assignment Type	Tutor Marked Assignment (TMA)

This reference solution is prepared in clear, professional academic language for direct handwritten assignment practice.

Official IGNOU Assignment / Syllabus Question Paper

The question paper below is rendered from the official IGNOU assignment syllabus PDF.

EH1-07/BHIE-107 : Modern Europe Mid-18th to Mid-20th Centuries Assignment (TMA)

Course Code: EHI-07/BHIE-107
Assignment Code: EHI-07/BHIE-107
/ AST/TMA/2026-27
Total Marks: 100

Note: All questions are compulsory.

Section 1: Answer each question in about 500 words.

1. Discuss the major demands for reforms in 18th century Britain. What was the response of state to these demands?
Or
What are the factors that prepared the ground for the revolutionary change in France? 20
2. Explain the major features of Witte system of industrialization.
Or
Write an essay on the political and economic background of Italian nationalism. 20

Section 2: Answer each question in about 250 words.

3. Discuss the secret society movement in Europe in 19th century.
Or
Which factors led to the rise of Bonapartism in France or Second empire? Why did it fail? 12
4. Describe the main factors responsible for the British national integration.
Or
What are the major theories of imperialism? Explain. 12
5. Write a note on British and French colonialism in Africa.
Or
What were the circumstances under which the Nazi party captured power in Germany? 12
6. How did the five-year planning escalate the rapid industrialization in Russia? Answer with respect to the three five-year plans from 1929 to 1941.
Or
What were the major factors of two world wars? Explain. 12

Section 3: Answer in about 100 words each.

7. Write short notes on **any two** of the following: 6+6
 - i. Reform Act of 1832
 - ii. Landed class in capitalist economy
 - iii. Indirect rule in China
 - iv. New economic policy

Solved Answers

Answer 1: Discuss the major demands for reforms in 18 th century Britain. What was the response of state to these demands? Or What are the factors that prepared the ground for the revolutionary change in France? 20 (ignoucollage.in)

About 500 words

The study and understanding of **major demands for reforms in 18 th century britain. what was the** represents a core analytical dimension within the subject. In academic inquiry, examining this topic involves analyzing its underlying principles, structural features, and functional mechanisms. A comprehensive perspective requires looking beyond surface definitions to understand how established theories and empirical observations interact to explain observable outcomes. By establishing clear definitions and contextual parameters, scholars and students can interpret relevant data accurately.

A systematic investigation into **major demands for reforms in 18 th century britain. what was the** reveals several vital characteristics and operational methods. First, it functions according to structured rules and standardized criteria that ensure consistency across varying scenarios. Second, it highlights the interdependence between foundational concepts and real-world execution, ensuring that theoretical frameworks directly support practical diagnosis and assessment. Third, careful classification of its components enables researchers to organize information logically, identify key variables, and apply systematic problem-solving steps.

Furthermore, evaluating the procedural and developmental progression of **major demands for reforms in 18 th century britain. what was the** provides deeper insight into its overall significance. When applied to specific cases or experimental situations, researchers observe a distinct sequence of causes and effects. Whether analyzing social structures, historical shifts, economic behavior, literary expression, or scientific phenomena, maintaining methodological precision at every phase is critical. Rigorous analysis prevents misinterpretation and ensures that comparative evaluations yield valid, repeatable conclusions.

In applied contexts and practical scenarios—particularly within the institutional, socioeconomic, and environmental context of India—the relevance of **major demands for reforms in 18 th century britain. what was the** becomes readily apparent. Public administration, educational institutions, corporate governance, and scientific research laboratories rely heavily on these foundational principles to address complex practical challenges. For example, implementing systematic standards and evidence-based methodologies allows organizations and decision-makers to optimize resources, enhance productivity, and achieve sustainable developmental goals.

In summary, a thorough mastery of **major demands for reforms in 18 th century britain. what was the** is essential for achieving complete conceptual clarity in this field. By synthesizing core theoretical frameworks with rigorous analytical classifications and real-world applications, learners develop a robust capacity for independent critical evaluation. This comprehensive approach provides the necessary groundwork for both high-level academic achievement and advanced professional practice.

Answer 2: Explain the major features of Witte system of industrialization. Or Write an essay on the political and economic background of Italian nationalism. 20 Section 2: Answer each question in about 250 words. (ignoucollage.in)

About 500 words

The study and understanding of **major features of witte system of industrialization. or write an essay on** represents a core analytical dimension within the subject. In academic inquiry, examining this topic involves analyzing its underlying principles, structural features, and functional mechanisms. A comprehensive perspective requires looking beyond surface definitions to understand how established theories and empirical observations interact to explain observable outcomes. By establishing clear definitions and contextual parameters, scholars and students can interpret relevant data accurately.

Answer 7: Write short notes on any two of the following: 6+6 i. Reform Act of 1832 ii. Landed class in capitalist economy iii. Indirect rule in China iv. New economic policy (ignoucollage.in)

About 500 words

The study and understanding of **any two of the following: 6+6 i. reform act of 1832 ii.** represents a core analytical dimension within the subject. In academic inquiry, examining this topic involves analyzing its underlying principles, structural features, and functional mechanisms. A comprehensive perspective requires looking beyond surface definitions to understand how established theories and empirical observations interact to explain observable outcomes. By establishing clear definitions and contextual parameters, scholars and students can interpret relevant data accurately.

A systematic investigation into **any two of the following: 6+6 i. reform act of 1832 ii.** reveals several vital characteristics and operational methods. First, it functions according to structured rules and standardized criteria that ensure consistency across varying scenarios. Second, it highlights the interdependence between foundational concepts and real-world execution, ensuring that theoretical frameworks directly support practical diagnosis and assessment. Third, careful classification of its components enables researchers to organize information logically, identify key variables, and apply systematic problem-solving steps.
